

HAZ-WOPER TRAINING

WITH PROPER TRAINING, INTERNAL RESPONSE TEAMS ARE VERY EFFECTIVE.

All of the courses we offer are intended for those involved with emergency response and clean-up of hazardous materials – from basic awareness to advanced response. We also provide annual refresher training as required by OSHA. Depending on the level, course topics range from emergency planning, organization & communication to hazardous chemical handling skills.

INITIAL & REFRESHER TRAINING OFFERED:

AWARENESS LEVEL

(4 - 8 Hours) - Understand your role in emergency response & clean-up activities.

OPERATIONS LEVEL

(16 Hours) - Learn to recognize hazards and how to respond from an operational standpoint.

TECHNICIAN LEVEL

(24 or 40 Hours) - For those who will actually deal with the chemical spill.

INCIDENT COMMAND LEVEL

(16 - 24 Hours) - Learn to lead and command those who will assume control of the incident.

ISTS offers cost-effective safety training courses to ensure proper compliance with OSHA HAZWOPER requirements. We make workplaces safer, employees ready, and compliance uncomplicated.
