

# CONTRACTOR SAFETY MANAGEMENT

## WE MAKE CONTRACTOR SAFETY MANAGEABLE.

Today the number of construction projects continue to rise, so does the risk to your workers on site. Additionally, OSHA performs 40,000 federal inspections and over 50,000 state inspections each year. You want to ensure a safe construction site. You need to comply with industry regulations.

*Our staff resources consist of certified safety and environmental professionals:*

- ◆ Construction Health and Safety Technician (CHST)
- ◆ Certified Safety and Health Construction Specialist
- ◆ Certified Safety Professional (CSP)
- ◆ Certified Industrial Hygienist (CIH)
- ◆ Certified EHS Auditor (CPEA)
- ◆ OSHA Authorized Instructors

*Our safety training programs are totally customized to fit your business and the specific challenges your contractors face. We ensure your company meets all OSHA requirements through employee training and safety record management. Whether your contractor safety and health program needs are great or small, ISTS can develop a plan for you.*
